Product Catalogue

**Pookula lehyam:** It's an invaluable Lehyam, renowned for post-delivery rejuvenation of the body of a mother. Also, this Lehyam is trusted since ages for improving lactation and nourishment of both, mother and child. Moreover, it helps the mother to recover the loss of health and mental stress caused due to pregnancy and delivery.

For both, grown-up men and women, Pookula Lehyam provides highly effective remedy in case of severe back aches and provides notable result in improving and maintaining general health. The main ingredient

of this Lehyam, the Pookula or the Coconut Flower is a well known drug for curing diseases related to uterus like bleeding irregularities, leucorrhoea etc. Hence it has direct and highly beneficial effect on the health of the Uterus. Pookula is also rich in Vitamin B among other nutrients which help to enhance and maintain general health and rejuvenate the body. Other ingredients like Uluva (Methi, Fenu Greek seeds), Asali (Bhadra, Garden crest seeds), Kudamppuli (Vrikshamla, Malabar tamarind) etc. improve appetite, absorption and metabolism of food resulting in total improvement of health.

**Onion plus lehyam:** Apart from being effective for tiredness and fatigue, this outstanding Ratnavilas formulation has exceptional benefits for women, men and children. Hb (Haemoglobin) level plays a key role in maintenance of healthy blood which is most important for the proper functioning of human body. The Onion Plus Lehyam helps to improve Hb levels in blood. Main ingredient of the product, Chuvanulli (Shallots, Onion Bulbs specific to the region) has high vitamin, mineral and anti-oxidants levels. It is also an excellent source of vitamin C, B6, Iron and foliates. It also has a wide range of benefits like improves immunity, enhancing functioning of heart wall muscle, increasing blood content and more.

Onion Plus is most beneficial for pregnant women as it stabilizes the blood content. Stable blood level helps to reduce the risks during delivery. Apart, Onion Plus also helps women with heavy blood loss during menstruation to regain the normal blood count. For men, it is an energiser and aphrodisiac. It also gives relief from blood loss and resulting tiredness due to bleeding haemorrhoids. For people with bleeding piles, Piles Kure, another Ratnavilas patented product along with Onion plus is a perfect combination for recovering from blood loss and the illness itself.

For children it enhances memory power, improves digestion and appetite. Onion Plus is also highly effective in improving the immunity of the body and helps to fight against many contagious ailments. Thus, Onion plus has high acceptance due to its balanced preparation of carefully chosen herbal extracts selected for specific benefits according to Ayurvedic texts. The other ingredients like Nellika (Amla, Gooseberry), Almonds and Grapes make the product rich with health benefits and make it more palatable.

**Ajamamsa Rasayanam:** Ajamamsa means goat's meat. Main ingredients are Amukuram (Aswagandha, Winter Cherry), Ajamamsa (Goat's meat), Atapatiyan (Jeevanthi, Cork Swallow), Palmutukku (Vidari, Indian Kudzu) etc. Ajamamsa Lehyam has general effect on body, improves body building which includes strengthening of bones, stimulates nerves and rejuvenates the body. It has a great effect on children with muscle weakness and nervous disability. The main ingredient Ajamamsa has features similar to human muscle which helps in easy recovery of muscle loss which is a serious concern in the case like Tuberculosis. The second main ingredient Aswagandha (Winter Cherry) has highly beneficial effect on nerves which helps in insomnia and tissue building. It also acts as an aphrodisiac and improves general health of the body.

**Chuvanulli Lehyam:** It is a well known medicine for Anaemia. As the Hb (Haemoglobin) level plays key role in maintenance of the blood which is more important for the healthy functioning of human body. Main ingredient of the product Chuvanulli (Shallots, Onion bulb, a regional variety) has high levels of vitamins, minerals and anti-oxidants. It is also a good source of vitamin C, B6, iron and foliates.

Other ingredients like Ellu (Thilam, Sesame seeds), Sathavari (Wild Asparagus) and Chittamrtu (Guduchi, Giloy) work along with shallot onion resulting in purification of blood and improve digestion.

Ingredients like Amukaram (Aswagandha, Winter Cherry), Naikuranaparippu (Kapikkachu, Cow-hage), Jaati (Nutmeg) etc. acts as aphrodisiac. It also acts on the muscles and improves body strength. The main ingredient Aswagandha can boost testosterone levels, increase sperm count and mobility, decrease anxiety and depression. The other ingredients like Kapikkachu and Nutmeg provide relief from insomnia, increase blood circulation, especially Nutmeg acts as an anti-oxidant and helps in delayed ageing.

**V.V. Tone:** Main ingredients are Amukaram (Aswagandha, Winter Cherry), Vayal Chulli (Kokilaksha, Long-leaved barleria), Naikuranaparippu (Kapikkachu, Cow-hage) etc. as a combination they have general effect on body. V.V Tone promotes healthy weight gain which includes strengthening of bones, stimulation of nerves and rejuvenation of body.

The main ingredient Aswagandha (Winter cherry) has primary effect on nerves which helps in insomnia, tissue building and also acts as aphrodisiac and improves general health of the body. The ingredients combine together to fight against disease like Gonorrhoea, repeated abortion, sterility etc.

**Piles Kure:** The medicine is rich in drugs like Kutakka Palari (Indrayava, Kurchi), Kotuveli (Chithraka, Leadwort), Ellu (Thilam, Sesame seeds) along with Dasamoolam (10 herbal roots) and more. The combination has direct effect on haemorrhoids. It gives best result in regulating constipation which is the primary difficulty for those suffering from Piles. The medicine helps in easy passing of stool without any pain due to its mild laxative effect. It has good results in correcting digestive alignments like weak or impaired digestion. Ellu in the medicine helps to correct the blood circulation which decreases difficulties in patients with bleeding piles. Combined with Onion Plus, another Ratnavilas medicine provides highly effective results in bleeding Piles disease.

**Kadali Rasayanam:** The medicine is used mainly for female urological and menstrual issues. The main ingredients are Chen Kadali (Red Banana), Palmutukku (Vidari, Indian Kudzu), Narunendi (Sariva, Sarasaparilla), Jeerakam (Cummin) and other ingredients. Kadali provides effective result in infectious diseases of reproductive system and resulting ailments.

The main ingredient of Kadali Banana helps to regulate hormonal imbalance and its richness in fibre, nutrients, vitamin C etc are ideal to regain the lost strength due to various diseases. Other drug like Arrow Root also plays a role in treating urinary tract infection (UTI) and also boosts immunity function.

**Chyavanaprasam:** It is a popular and widely accepted classical medicine based on Ayurvedic formulary classical text Sahasrayogam. It is one of most time-consuming Ayurvedic formulation which includes more than thirty drugs. The main ingredient Nellikai (Amla, Gooseberry), is rich in Vitamin C and an anti-oxidant. Other main ingredients are Dasamoolam (10 herbal roots), Chittamrtu (Guduchi, Giloy), Thazhuthama (Punarnava, Tarvine) etc. It is the best known formulation, used for body rejuvenation and also to recover from tiredness, improving digestion and immunity. It is recommended for all ages including children, sportsmen and the aged & infirm to boost immunity and slow down ageing process.

**Pancha Jeeraka Gudam:** The medicine is mainly used for more than 20 types of diseases affecting female reproductive organs which are explained in the Ayurvedic classics. Commonly used Jeeraka is of two types (Cumin and Fennel). In Ayurvedic formulation, Pancha Jeeraka means combination of five different types of Cumin. One among Ayurveda medicine which has Milk as an ingredient. Specially recommended for females for its nourishment. It will increase the Ojas, the essential energy for the body and mind, resulting in vitality of women by clearing the uterus alignments and regularising female hormonal levels.

Highly beneficial for women who have depleted body mass due to chronic diseases. As the basis of women's health is proper female hormonal level and a healthy uterus, this medicine is the perfect choice for overall wellness.

**Aswagandhadi Lehyam:** A classical Ayurvedic medicine based on Ayurvedic formulary book Sahasrayogam with ingredients Amukaram (Aswagandha, Winter Cherry), Uzhunnu (Masha, Black Gram), Ellu (Thilam, Sesame seeds) etc. It has nourishing effect on body which includes body building, strengthening of bones, and stimulation of nerves and overall rejuvenation of body. It has a great effect on children with muscle weakness and nervous disability. It helps to recover muscle loss which is a major concern in the case of

diseases like Tuberculosis. Ashwagandha (Winter Cherry) has direct effect on nerves which helps in insomnia, boosts testosterone level, increase sperm count and mobility, decreases anxiety and depression, helps tissue building, acts as an aphrodisiac and improves general health. A well accepted restorative lehya for both men and women; it is a non hormonal medicine which increases sexual vigour. It also helps in delayed ageing.

**Agastya rasayanam:** It is an Ayurvedic medicine based on the classical book of formulations-Sahasrayogam. Main ingredients of Agastya Rasayanam are Dasamoolam (10 herbal roots) along with Kurumthotti (Bala, Country mallow), Thippalli (Pippali, Long pepper seed and root), Pushkaramoolam (inula racemosa) etc. It is highly effective in case of severe cough which results in unbearable strain around chest area and leads to depletion of the body strength. Pippali, a major ingredient is well known as a natural and expectorant. Dasamoolam helps to reduce the body pain, regulate the normal functioning of vayu and also provides strength. Ingredients like Pushkara Moolam and Bharngi ease the strain on heart due to continuous coughing. The medicine has remarkable effect in chronic and dry cough with body pain.

**Satavari Gulam:** Highly effective medicine in cases of female reproductive diseases, uterine related diseases, nourishment and galactagogue for mothers and a body de-toxicant. Satavari (Asparagus), the primary ingredient of this medicine helps to stop bleeding and white discharges (Leucorrhoea), reduce body heat and has a soothing effect on the body. Recommended for post delivery care for nourishment and also for improving lactation. It helps to regain depleted health due to chronic uterus related diseases. The other ingredients like Narunendi (Sariva, Sarsaparilla), Musali (Indian spider plant), koova (Arrowroot), Palmutukku (Vidari, Indian Kudzu), Keezharnelli (bhumyamlaki, stone breaker) etc detoxify the body and flush out the wastes through urine.

**Rasanadi Choornam:** A classical medicine which is used for external application. In Kerala, it is commonly practiced to apply rasanadi choornam after head bath. Also used for the treatment Nasyam (nasal application), which helps to reduce inflammation of Sinuses. It is also used to do Talam (form of paste applied on the head) along with lemon juice or other medicinal oils according to the personal conditions. The main ingredient, Chittaratta (Rasna, Galangal) helps to reduce the pain by soothing the nerves. Other ingredients like Devadaram (Devadaru, Cedar), Erattimadhuram (Yashtimadhu, Licorice), Manjal (Haridra, Turmeric), Gairikam etc reduce inflammation.

**Kalyani Snana Choornam:** A powder for bathe used as a natural substitute for soap with many benefits. Ingredients like Vaka (Sirisa, Sleeping tree), Kacholam (Shati, Hedychium spicatum), Chandanam (Sandlewood) etc. help to maintain healthy and smooth skin. It soothes itching and skin lesions. Kalyani Snana Choornam also has marked result in cases of chronic skin disease and is particularly useful for children. It also clears the pores in the skin and helps to avoid bad body odour. The choornam is also used to remove excess oil after oil massage.

**Diacol Ayurvedic Tea:** Includes Nellika (Amla, Gooseberry), Manjal (Haridra, Turmeric), Ekanayakam (Peetika, Salaretin) with a Tea Leaf base making it a unique Herbal Tea formulation which helps diabetic patients regulate blood sugar level. Increasing energy is another advantage of Diacol. This medical tea also helps to avoid the risks of other secondary complications of Diabetes. As it has a tea leaf base, the taste is also more welcoming.

**Diacol DB:** Lead a healthy life with just 2 cups of Diacol DB a day. Diacol DB is formulated from extracts of medicinal plants including Chakkarakolli (Meshashringi, Gymnema) and Theayilla (Tea plant) which have been used since the Vedic Era. They are proven to prevent the deposits of Saccharides and control the sugar levels in blood. Another attractive feature of Diacol DB is its excellent taste. It's tastier when mixed with plain hot water and a twist of lime. Diacol DB has been a friend of all, effectively helping one to control sugar levels and lead a healthy and happy life without the fear of diabetes. Diacol DB can be taken along with other medicines prescribed to control the blood sugar levels.

**Kumkumadi Lepam:** A unique and patented medicinal formulation for skin care and its natural rejuvenation. The main ingredient Kumkumam (Saffron) is well a renowned drug for improving skin complexion and fairness naturally. Traditional ingredients like Nalpamara (combination of 4 drugs-Nal means 4) are just perfect for maintaining the health of skin. Manjal (Haridra, Turmeric) and Chandanam (Sandalwood) works as cleansing agents for the rejuvenation of skin. The Kumkumadi Lepam also gives relief from hyper pigmentation, removes black heads, helps to clean the pores of the skin to get rid of pimples and improves blood circulation which results in healthy and glow skin.

**Ambika balm:** It is a patented medicine for external application on the foot. Ideal for fungal infections due to ring worm infestation mainly during rainy season, which results in itching, infected rotting of skin, reddish discolouration and cracking. This medicine has a soothing, curing effect on the feet and also provides relief from itching. As it does not cause any burning sensation or pain it is highly recommended for children also.

**Njarambenna:** It is one of the most sought-after among the patented medicines from Ratnavilas. The medicine provides notable results in both inflammatory and non-inflammatory joint pains. The oil is a wonderful combination of drugs like Puliyila (Amlika, Tamarind Leaves), Sathavari (Wild Asparagus), Muthira (Kulattha, Horse Gram), Kadukka (Haritaki, Chebulic Myrobalan) etc. The effect increases by fomentation procedures. Drugs like Puliyila, Horse Gram, Kadukka, Satavari have hot potency and anti-inflammatory properties. This helps to reduce inflammation which results in quick relief from joint pains. The medicated oil shows notable reduction in stiffness of joints enabling easy and normal movement.

**Karpooradi Thailam:** Karpooram (Chandraprabha, Camphor), the main ingredient of the medicine is a well known pain reliever. It also has anti-inflammatory, anti-neuralgic effects and improves blood circulation. The properties of the oil reflect, effective and shows useful results in conditions like Rheumatoid Arthritis, Spasmodic Pain etc. Its decongestant properties help to liquefy the sputum, relieving chest congestion through easy expulsion of the same. The other ingredient, Omam (Yavani, Ajwain) will stimulate the action of Camphor. As a result the product provides effective remedy against pain and cough.

**Murivenna:**\_\_More than a medicine, Murivenna is ideal 'treatment principle' for trauma, fracture, inflammatory pains, wound (open and closed) etc. It can be used as a first aid also. Main ingredient Kattarvazha (Kumari, Aleovera) has a tremendous skin-repairing ability, anti bacterial and anti oxidant properties. It helps in easy healing of even burned tissues. Vettilla (Thambulam, Betel leaves) the other ingredient also has anti-fungal, anti-septic properties and can be applied as local analgesic. However, what makes Murivenna special is that all ingredients including Onion Bulbs and Drumstick Leaves make it a wonderful combination which is an effective remedy for trauma as well as interior and exterior wounds.

**Chyavan Brahmi:** It is excellent brain nourishment, especially recommended for children. It improves intelligence and total rejuvenation of the body. It has combined effect of Chyavanaprasam, Brahmi (Thyme leaved gratiola) and other vital ingredient Vayampu (Vacha, Sweet Flag). The medicine is rich in Brahmi which is well known for enhancement of memory. It also regulates stress and anxiety. Other ingredient of Chyavanaprasam like Amla which is rich in Vitmain C improves digestion and increase immunity.

**Balabandhu:** An excellent purgative for infants and children of all ages. Balabandhu is a laxative medicine which is ideal for constipation and related health issues of little ones. Mainly for those who feed only on breast milk. Due to constipation, children hesitate to have food or consume only little quantity. This can lead to gas trouble, stomach ache, suffocation and other discomforts among children. Constipation can also lead to other secondary diseases like nutritional deficiency, low immunity etc. This in turn can lead to continuous attack of diseases like cough, cold and fever. Clean and healthy bowels are vital for a child's healthy growth. Balabandhu's laxative property ensures healthy and normal child growth.

**Pancharatna Kesha Thailam:** Patented hair oil for improving hair growth, strength and thickness. The primary ingredient of the oil, Kayyoni (Bhringaraja, false daisy) is the perfect and ultimate solution for hair loss problem according to Ayurveda Classics. Other ingredient like Nellikai (Amla, Gooseberry), Kari Vepilla (Kalasaka, Curry Leaves) etc. help in blackening and strengthening of hair. The oil has cold potency which is very beneficial for hair growth and gives cooling effect on scalp. It also helps to get good sleep and enhance memory.

**Remani:** Reputed hair oil from the Ratnavilas to fight against Dandruff and Lice. It has proven results in relieving Lice infestations. It does not cause any side-effects like sinusitis, cold and fever. The main ingredient, Neelamari (Neela, Indian indigo) improves and strengthens hair from the root, making them healthy and responsive to other medications. Dandruff an embarrassing issue and main reason for hair loss are reduced by anti-bacterial and anti-inflammatory properties of ingredients like Thulasi (Tulsi, Indian Basil), Karinjeerakam (Krishna jeeraka, Black cumin), Erattimadhuram (Yashtimadhu, Licorice) etc. Thus the scalp and hair remain healthy.

Here, one must note that most of the hair oils which are recommended for increasing hair growth are cold potency oils which can cause headache, sinusitis, cold etc. One who is not able to use cold potency hair oil for hair care due to fear of the above ailments, our oil is a blessing. Remani medicated oil is recommended for daily use for one with above said ailments.

**Elaneer Kuzhambu:** Effective for relieving eye infections and eye ailments of Pitta origin like corneal ulcer, early stage Cataract etc. The main ingredient is Pure Elaneer (Tender Coconut Water). The product is based on pure Honey and is manufactured in clean and healthy environment. We follow strict quality control to ensure purity of ingredients, making it as good choice for Ayurveda practitioners and OTC (over the counter) users. The formulation shall be applied on the eye lid with a spread.

**Dhanvantharam Kuzhambhu:** A well known Ayurveda classical medicine which is used for regular oil massage, especially for aged people. It is one of the unique preparations in the Ayurveda classics, as it contains a large list of medicines, which together combine to act on the body, reducing and relieving body pain. Regular usage reduces physical wear and tear due to exertion on ageing. Dhanvantharam Kuzhambhu also makes the skin glow and reduces ageing process. As no compromise is made in number of prescribed ingredients and their purity, the final product has guaranteed therapeutic results.

**Dhanvantharam Thailam:** Dhanvantharam Thailam and Dhanvantharam Kuzhambhu both have same ingredients. In Dhanvantharam Kuzhambhu, the base combination includes Ghee and Oil while the Dhanvantharam Thailam is based on oils. Kuzhambhu is in cold potency when compares to thailam, so it is mostly recommended during summer. The medicine provides notable results on daily usage.

**Chandanadi Enna:** A well known classical medicine from the Ayurvedic text Sahasrayogam which has Chandana (Sandalwood) as the primary ingredient. As the property of the oil is in cold potency, it ensures the reduction of body heat. Moreover, the oil is also used for diseases like gout, burning sensation etc. It is also recommended for patients with severe insomnia and other mental disabilities.

**Kottamchukadi Kuzhambhu and Thailam:** A classical medicine from the Ayurvedic text Sahasrayogam for the arthritic ailments. Due to quality of ingredients used by Ratnavilas, the product shows eminent results even in chronic and serious ailments. It is used in combination with other medicines which enhance its effect in various arthritic conditions. The ingredients of both oil and kuzhambu are same but the base combination of kuzhambu includes ghee and oil and the thailam is based on oil.

**Kumkumadi Thailam:** Same as Kumkumadi Lepam in the ingredients list but the Bee Wax is omitted. Also, the thailam consists of more ingredients than lepam. Oily properties of the thailam ensure easy penetration of drugs through the skin. Benefits of the main ingredient Kumkumam (Saffron) is at its best in the oil medium.

**Lakshadi Keram:** This classical medicine from the Ayurveda text Sahasrayogam is highly beneficial for daily oil massage and hot water bath, especially for pregnant women. It helps to reduce burning sensation of skin and prevent itching of the abdomen area which is common during pregnancy. The main ingredient Kolarakku (Laksha, Shellac) is unique because it is not a herb but secretion of a beetle. It helps to remove Visarpa (Dermatic condition) and also has beneficial effect on nerves.

The benefits are enhanced by other drugs in Lakshadi Keram like Kustam (Indian Costus root), Manjal (Haridra, Turmeric), Muthanga (Musta, Nut grass) etc. Also recommended for children in case of prickly heat which is common during Indian summer. The medicine shows eminent results in development of body muscles and its strength of a new born baby by regular use.

**Nalpamaradi Keram:** The classical medicine which is mainly used to improve the skin texture and complexion. The medicine is ideal for the skin diseases like itching, erythema and especially for the skin lesions which are common in children below the age of 5 years.

The name of the medicine originates from the word 'Nal' which means four medicinal trees includes Athi (Udhumbara, Common fig tree), Ethi (Plaksha, Mesquite tree), Arayal (Aswattha, bodhi tree) and Peral (Nyagrodha, Banyan Tree). It cares for the skin and improves complexion. Regular usage of the oil is recommended for children to get the best results.

**Amalatone:** A patented tonic for the maintenance of general health. The main ingredients like Nellikai (Amla, Gooseberry), Munthiri (Draksha, Grapes) etc. are rich in vitamins and antioxidants. They help to purify blood which is the base of health. Due to its richness in Vitamin C, it helps to boost immunity and fight against the diseases. Palatability of tonic is much better than Lehyas.

**Wincol Syrup:** Patented syrup for uterine health and protection. The ingredients like Ashokam (Ashoka tree), Sathavari (Wild Asparagus), Ellu (Thilam, Sesame seeds) etc. used in the formulation regulates irregular menstrual periods. It also helps to get menstruation at regular intervals, which in turn make the women healthy. The medicine also helps to regularise the hormonal balance in the body of a women.

### **Eladi Thulasi Cough Syrup:**

Patented multi-purpose syrup, popular for cough, sore throat, tastelessness, vomiting due to indigestion, gas trouble etc. Ingredients like Thulasi (Tulsi, Indian Basil), Kurumulagu (Maricha, Black Pepper), Elam (Cardamom), Karpooram (Candraprabha, Camphor), etc have direct effect in relieving the discomfort due to cough and cold. It helps to reduce infection and expel the congested sputum easily. The medicine is mild and safe for children. Palatability of tonic is enhanced by the natural taste of elam.

**Onion plus Tonic and onion plus tonic (Sugar Free):** The tonic form of Onion plus Lehyam, it helps to increase Haemoglobin level and results in overall immunity of the body. Main ingredient of the product, Chuvanulli (Shallots, Onion Bulbs specific to the region) has high vitamin, mineral and anti-oxidants levels. It is also an excellent source of vitamin C, B6, Iron and foliates. It also has a wide range of benefits like improves immunity, enhancing functioning of heart wall muscle, increasing blood content and more.

Onion Plus tonic is beneficial for pregnant women as it stabilizes the blood content. Stable blood level helps to reduce the risks due to the blood loss during delivery. Apart, Onion Plus also helps women with heavy blood loss during menstruation to regain the normal blood count. For men, it is an energiser and aphrodisiac. It also gives relief from blood loss and resulting tiredness due to bleeding haemorrhoids. For children it enhances memory power, improves digestion and appetite. Onion Plus is also highly effective in improving the immunity of the body and helps to fight against many contagious ailments. Thus, Onion plus has high acceptance due to its balanced preparation of carefully chosen herbal extracts selected for specific benefits according to Ayurvedic texts. The other ingredients like Nellika (Amla, Gooseberry), Almonds and Grapes make the product rich with health benefits and make it more palatable.

Due to restricted diets, most of the diabetic patients suffer from anaemia and its related disorders. In such condition, Sugar free form of Onion plus tonic is recommended.

**Cofolius Syrup:** A patented cough syrup with ingredients like Thulasi (Tulsi, Indian Basil), Kandakari (Wild eggplant), Kurumulagu (Maricha, Black Pepper) etc. Cofolius Syrup is highly beneficial in relieving chest congestion as it liquefies the solid sputum and helps easy expulsion. The dry cough is also relieved due to the ingredient Kandakari. Intake of this medicine helps to reduce the secretion of mucus. Being in syrup form it can be easily consumed by children too.

**Wingarvin:** A patented medicine in syrup form which is recommended to be used as a general tonic for everyone. It consists of Dasamoolam (10 herbal roots), Narunendi (Sariva, Sarasaparilla) etc. Other vital ingredients are the extract of Goat liver and Thulasi (Tulsi, Indian Basil). All these ingredients together boost body immunity and can be used as a supplement for those who have depleted body mass and weakness due to other diseases.
